

acreditat pentru
CERTIFICARE

SR EN ISO/CEI 17021-1:2015
CERTIFICAT DE ACREDITARE
SM 004

C E R T I F I C A T

SRAC certifică organizația/ certifies the organisation

AVI PROD GRUP SRL

Sediul social: Str. Popa Lazăr, nr. 8, sector 2, București

*cu sediile de lucru și activitățile prezentate în anexă
with the productive units and activities as listed in the annex*

că are implementat și menține un
sistem de managementul calității
conform condițiilor din standardul

which has implemented and maintains a
quality management system
which fulfils the requirements of the standard

SR EN ISO 9001:2015 (ISO 9001:2015)

Valabilitatea certificatului este condiționată de
efectuarea supravegheților anuale până la data de:

05-
2024

05-
2025

nr. certificat/ certificate registration no. **6791**
data inițială a certificării/ initial certification date **03 decembrie 2008**
data recertificării/ reissuing date * **10 mai 2023**
data ultimei actualizări/ last update **20 decembrie 2023**
valabil până la/ valid until **09 mai 2026** (cu condiția vizării anuale)

Director General
Ing. Mihaela Cristea

A N E X Ă C E R T I F I C A T

AVI PROD GRUP SRL

Str. Popa Lazăr, nr. 8, sector 2, București
pentru următoarele activități/
for the following fields of activities

Execuție și reabilitare rețele edilitare, alimentări cu apă și canalizare. Execuție și reparații drumuri. Activități de îmbunătățiri funciare, studii, proiectare, execuție de lucrări de servicii. Execuție instalații de încălzire și a altor lucrări de instalații pentru construcții. Montaj și înlocuiri contoare gaz. Proiectare instalații tehnologice de suprafață aferente înmagazinării de gaze naturale. Conducte de alimentare din amonte - tip PPI. Proiectare sisteme de transport al gazelor naturale. Proiectare instalații de utilizare a gazelor naturale ce funcționează în regim de înaltă presiune. Proiectare sisteme de distribuție a gazelor naturale, sisteme de distribuție închise, precum și instalații aferente activității de producere/stocare biogaz/biometan ce funcționează în regim de înaltă presiune - tip PT. Proiectare sisteme de distribuție a gazelor naturale, sistemele de distribuție închise, precum și instalații aferente activității de producere/stocare biogaz/biometan ce funcționează în regim de medie, redusă și joasă presiune - tip PDSB. Proiectare instalații de utilizare a gazelor naturale având regimul de medie, redusă și joasă presiune - tip PDIB. Execuție instalații tehnologice de suprafață aferente înmagazinării de gaze naturale. Conducte de alimentare din amonte - tip EPI. Execuție sisteme de transport al gazelor naturale. Execuție instalații de utilizare a gazelor naturale ce funcționează în regim de înaltă presiune. Execuție sisteme de distribuție a gazelor naturale, sisteme de distribuție închise, precum și instalații aferente activității de producere/stocare biogaz/biometan ce funcționează în regim de înaltă presiune - tip ET. Execuție sisteme de distribuție a gazelor naturale, sistemele de distribuție închise, precum și instalații aferente activității de producere/stocare biogaz/biometan ce funcționează în regim de medie, redusă și joasă presiune - tip EDSB. Execuție instalații de utilizare a gazelor naturale având regimul de medie, redusă și joasă presiune - tip EDIB. Proiectarea și executarea de linii electrice aeriene sau subterane, cu tensiuni nominale de 0,4kv - 20kv, posturi de transformare cu tensiunea nominală superioară de cel mult 20kv, stații de medie tensiune, precum și partea electrică de medie tensiune a stațiilor de înaltă tensiune

Execution and rehabilitation of municipal networks, water supply and sewerage. Execution and repair of roads. Land improvement activities, studies, design, execution of service works. Execution of heating installations and other installation works for constructions. Installation and replacement of gas meters. Design of surface technological installations related to natural gas storage. Upstream supply pipes - PPI type. Design of natural gas transmission systems. Design of installations for the use of natural gas operating in high pressure regime. Design of natural gas distribution systems, closed distribution systems, as well as installations related to the production/storage activity of biogas/biomethane operating in high pressure regime - PT type. Design of natural gas distribution systems, closed distribution systems, as well as installations related to the production/storage of biogas/biomethane operating in medium, low and low pressure regime - PDSB type. Design of natural gas use installations with medium, low and low pressure regime - PDIB type. Execution of surface technological installations related to natural gas storage. Upstream supply pipes - EPI type. Execution of natural gas transport systems. Execution of installations for the use of natural gas operating under high pressure. Execution of natural gas distribution systems, closed distribution systems, as well as installations related to the production/storage activity of biogas/biomethane operating in high pressure regime - type ET. Execution of natural gas distribution systems, closed distribution systems, as well as installations related to the production/storage activity of biogas/biomethane operating in medium, low and low pressure regime - EDSB type. Execution of installations for the use of natural gas with the regime of medium, low and low pressure - EDIB type. Design and execution of overhead or underground power lines, with nominal voltages of 0.4kv - 0kv, transformer substations with upper rated voltage of no more than 20kv, medium voltage substations, as well as the medium voltage electrical part of high voltage substations

Certificate

SRAC has issued an IQNET recognized certificate that the organization:

AVI PROD GRUP SRL
Str. Popa Lazăr, nr. 8, sector 2, București

has implemented and maintains a
Quality Management System

with the productive units and activities as listed in the annex

which fulfils the requirements of the following standard:

ISO 9001 : 2015

Issued on: **2023 - 12 - 20**
First issued on: **2008 - 12 - 03**
Expires on: **2026 - 05 - 09**

Registration Number: RO - 6791

Alex Stoichitoiu
President of IQNET

eng. Mihaela Cristea
SRAC General Manager

This attestation is directly linked to the IQNET Member's original certificate and shall not be used as a stand-alone document.

Annex 1 of 1 to IQNET Certificate Number
RO - 6791

AVI PROD GRUP SRL

Str. Popa Lazăr, nr. 8, sector 2, București

for the following scope:

Execution and rehabilitation of municipal networks, water supply and sewerage. Execution and repair of roads. Land improvement activities, studies, design, execution of service works. Execution of heating installations and other installation works for constructions. Installation and replacement of gas meters. Design of surface technological installations related to natural gas storage. Upstream supply pipes - PPI type. Design of natural gas transmission systems. Design of installations for the use of natural gas operating in high pressure regime. Design of natural gas distribution systems, closed distribution systems, as well as installations related to the production/storage activity of biogas/biomethane operating in high pressure regime - PT type. Design of natural gas distribution systems, closed distribution systems, as well as installations related to the production/storage of biogas/biomethane operating in medium, low and low pressure regime - PDSB type. Design of natural gas use installations with medium, low and low pressure regime - PDIB type. Execution of surface technological installations related to natural gas storage. Upstream supply pipes - EPI type. Execution of natural gas transport systems. Execution of installations for the use of natural gas operating under high pressure. Execution of natural gas distribution systems, closed distribution systems, as well as installations related to the production/storage activity of biogas/biomethane operating in high pressure regime - type ET. Execution of natural gas distribution systems, closed distribution systems, as well as installations related to the production/storage activity of biogas/biomethane operating in medium, low and low pressure regime - EDSB type. Execution of installations for the use of natural gas with the regime of medium, low and low pressure - EDIB type. Design and execution of overhead or underground power lines, with nominal voltages of 0.4kv - okv, transformer substations with upper rated voltage of no more than 20kv, medium voltage substations, as well as the medium voltage electrical part of high voltage substations

This annex is only valid in connection with the original certificate number mentioned above.
